*Savings up to 50%*

## SPRING CLEARANCE SALE

We had one of the busiest Spring seasons in our history, and wish to take this opportunity of thanking all of our loyal and faithful customers for their continued patronage, and friendly letters.

As usual, however, we enter June with many odds and ends, which is inevitable in view of the many varieties, and millions of bulbs we handle.

Our annual **Clearance Sale** runs throughout June, and offers plants and bulbs of the same high quality we normally ship **BUT AT SAVINGS UP TO 50%!**

**Don't think it is too late to plant!** We experimented last year, planting in July, and in spite of a severe drought, the bulbs flowered beautifully, though somewhat later than the bulbs planted earlier. Many bulbs, in fact, should not be planted until late May in our Northern States because of the late frost dates.

So do not hesitate — stocks won't last long at these sensational prices. And you may order with the confidence and assurance that these bulbs are of the same high quality as always, and that you will be satisfied in every way or your money cheerfully refunded.

P. S. Since prices are in most cases less than cost, we would appreciate it if you would add 10% to your order (or 25 cents on orders under \$5.00) to help partially defray postage and packing.

### TUBEROUS ROOTED BEGONIAS

**Double Camellia Flowered Type.** Fine plump JUMBO SIZE tubers — not dried or shriveled. Actually many are started, and will flower rapidly now planted directly outdoors. These will often make sturdier plants than those started indoors in the winter. Eight colors: SCARLET, CRIMSON, COPPER, ORANGE, SALMON, PINK, WHITE, and YELLOW. This size sold regularly 3 for \$1.25 NOW 8 for \$1.00; 25 for \$2.50; 100 for \$9.00.
